

# Top of the World

Dave Hause

I wished I was smarter  
Wished I was stronger  
I wished I loved Jesus  
The way my wife does

I wished it'd been easier  
Instead of any longer  
I wished I could've stood  
Where you would've been proud  
That won't happen now  
That won't happen now

There's a whole lot of singing  
That's never gonna be heard  
Disappearing every day  
Without so much as a word  
Somehow

I think I broke the wings  
Off that little songbird  
And she's never gonna fly  
To the top of the world right now  
To the top of the world

I don't have to answer  
Any of these questions  
Don't have no God to  
Teach me no lessons

I come home in the evening  
Sit in my chair  
One night they called me for supper  
But I never got up  
I stayed right there  
In my chair

There's a whole lot of singing  
That's never gonna be heard  
Disappearing every day  
Without so much as a word  
Somehow

I think I broke the wings  
Off a little songbird  
And she's never gonna fly  
To the top of the world right now  
To the top of the world

I wished I'd had known you  
Wished I had shown you  
All of the things I  
Was on the inside  
But I'd pretend to be sleeping  
When you'd come in in the morning  
To whisper goodbye  
Go work in the rain  
I don't know why

Don't know why

Cause everyone's singing  
We just wanna be heard  
Disappearing every day  
Without so much as a word  
Somehow?

Gonna grab a hold  
Of that little songbird  
And take her for a ride  
To the top of the world right now  
To the top of the world
