

## Pray (Til I Get An Answer)

Dave Hollister

Let pray bring you out  
Let pray bring you out  
Let pray bring you out  
Let pray bring you out

All my life I never had a very stable home  
Daddy left my mother all alone  
She did the very best that she could  
Why he left I never understood  
So she told me to pray (she told me to pray)  
Told me to pray until I get a answer

Money gone and bills need to be paid  
We all know what happen if you to late  
No friends or nobody that I can call  
Seems like nobody cares about me at all  
So I think I will pray (think I will pray)  
I think I will pray until I get a answer

Pray can change any thing give pray a chance  
To guide you through miss-understandings  
All you got do is be willing  
Is to let pray

Let pray bring you out  
Let pray bring you out  
Let pray bring you out  
Let pray bring you out

I was listen to what the preacher had to say  
He keep looking right in to my face  
His words and my life went hand and hand  
It was just like I was listen to and old friend

Let pray bring you out  
Let pray bring you out  
Let pray bring you out  
Let pray bring you out
