

I Can

Dave Koz

Oooohh...

What do you do when the world says you're through
you're standing in the dark
What do you say when hope fades away
and you're left with a broken heart
Tell me where do you find the strength you need
to answer the call
The place to begin, is when you fall

Where do you go when there's nowhere to go
wondering how you're gonna live
What do you feel when it all seem so real
and there's nothing more to give
Tell me who do you call when the chips are down
and you face your fears alone
That's when you reach down inside and become strong

Chorus:

I can
I can achieve what seems impossible
I can, cause I'm a believer
And I can, if given a chance I'll seize the opportunity
I'm someone who believes
that I can

Why do you try and continue to try
no matter what the outcome is
Over again you're looking ahead
in finding answer to the quiz
Tell me why do you get back up again
in spite of how hard you fall
You'll find out who you are
through it all

Chorus:

I can
I can achieve what seems impossible
Yes I can, cause I'm a believer
You know I can, if given a chance I'll seize the
opportunity
I'm someone who believes
Believes that I can

I can rise above the clouds and reach beyond the sky
I can soar if I believe
Just spread my wings and fly
Spread my wings and fly
I can

You know I can, if given a chance I'll seize the
opportunity
'Cause I'm someone who believes
I can
