

# Every Woman

Dave Mason

Don't misunderstand me  
Though I know that I've been mean  
Woman can't you see that I'm in need

Although we may be far apart  
In heart and soul, we're near  
My body aches for you to just be here

You are every woman in the world to me  
And every season I go through  
You are every woman in the world to me  
Especially when I'm making love to you

Like a falling tear drop  
You can wipe away my blues  
Like the honey you can make the bitter sweet

You're a child, a girl, a woman  
You are everything I'd choose  
That's why I sing this song to you

You are every woman in the world to me  
And every season I go through  
You are every woman in the world to me  
Especially when I'm making love to you

Like a falling tear drop  
You can wipe away my blues  
Like the honey you can make the bitter sweet

You're a child, a girl, a woman  
You are everything I'd choose  
That's why I sing this song to you  
And that's why I sing this song of love to you
