

Just Another Fool In Love

Dave Mason

Get down
(Just a fool)

My heart, yeah
Tangled up in blues
Since my life
Got wrapped around you
Well, you know I love you, baby
I hope you'll stick around
I don't wanna end up sad and lonely
In the lost and found

A fool in love
(Just another fool in love, just another)
Fool in love
(Just another fool in love)
Just another fool in love, yeah

(Just a fool)

My head is spinnin'
Spinnin' 'round and 'round
Just when it feels good
I'm back on shaky ground (Back on shaky ground)
You lead me into thinkin'
That I am the one to blame
You run hot and cold and tease me (Hot and cold)
To you it's just a game

A fool in love
(Just another fool in love)
Just another fool in love
(Just another fool in love)
Just another fool

Will I be the last man standing?
Getting close to you
Will I just burn up my desire? (My desire)
You always want what you can't have
So the story goes
There's something wrong with me, girl
I just can't let you go

(Just a fool)

I got me some give and take, some reciprocity (Ooh, yeah)
If this can work out with you and me (With you and me)
But my heart is out on loan to you, it always seems
We're in and out of love and there's no in-between

A fool in love
(Just another fool in love, just another)
Fool in love
(Just another fool in love)
Just another fool in love, yeah
(Just another fool in love, just another)
Ah, just a fool in love

(Just another fool in love)
Just another fool in love
(Just another fool in love)
Just another fool in love, yeah
(Just another fool in love)
Just another fool in love
(Just another fool in love)
Love, fool in love
