

Pleasing You

Dave Mason

Pleasing you is all I need
(To get my soul on high)
Don't try to fight it, just delight it

Don't bring it down with all you're not
(And all you'd like to be)
Just let it out with what you are
(And get it on with me)
(And get it on with me)

Seems too many waste their time
(Just dreaming in the sky)
Don't they know the simple truth?
(It don't take wings to fly)
Don't bring it down with all you're not
(And all you'd like to be)
Just let it out with what you are
(Or get it on with me)
(Or get it on with me)

Pleasing you is all I need
(To get my soul on high)
Don't try to fight it, just delight it

Don't bring it down with all you're not
(And all you'd like to be)
Just let it out with what you are
(And get it on with me)
(And get it on with me)
