

## Two Hearts

Dave Mason

What kind of game are you playin', playin' with my heart?  
Lying to yourself if you think we could ever stay apart

You can't hide the way you feel for me  
Your foolish pride and your insecurity  
There will come a day filled with retribution  
You're gonna find out there's only one solution

Two hearts  
Searching for affection  
Two hearts  
In the right direction  
Two hearts  
Something's on the mind of  
Two hearts  
You know love is gonna find  
Two hearts

Go run away 'cause you're too scared to be alone  
You're going to do something foolish out there on your own

You're gonna find out it ain't so easy  
Maybe you'll understand, I gave so freely  
You're gonna lose a friendship and a lover  
And then it's gonna be too late to rediscover

Two hearts  
Searching for affection  
Two hearts  
In the right direction  
Two hearts  
Something's on the mind of  
Two hearts  
You know love is gonna find  
Two hearts
