

# Here On Out

Dave Matthews Band

Out of the corner of my eye  
Caught you walk by  
I chase you down

Is it ok if I call you mine  
From here on out  
As if I could ever stop

You are light as a butterfly  
As heavy as a rock  
the towel

Is it ok if I call you mine  
From here on out  
As if I could ever stop

And now I'm opened up  
I'm strong I'm wild  
Like a storm out the stars  
In my blood  
And it's all because of you  
You, my love

Is it ok if I call you mine  
From here on out  
As if I could ever stop

When you laugh, it's like a lie  
To fill me up  
'Cause you are my love  
And when I fell into your eyes  
I could not get out  
And I could not get enough

Is it ok if I call you mine  
From here on out  
As if I could ever stop

And now I'm opened up  
I'm strong I'm wild  
Like a storm out the stars  
In my blood  
And it's all because of you  
You are my love

Is it ok if I call you mine  
From here on out  
As if I could ever stop

And I want you to know  
I still need you so  
I want you to know  
And I still need you so

Is it ok if I call you mine  
From here on out  
As if I could ever stop
