

# You Never Know

Dave Matthews Band

Sitting still as stone watching, watching  
People walking by you wondering why  
No one ever stops to talk or thinks about it, if they ever did  
What if God shuffled by?

One day we might see  
Doing not a thing  
Breathing just to breathe  
We might find some reason

But rushing around seems what's wrong with the world  
Don't lose the dreams inside your head  
They'll only be there til you're dead  
Dream

Lying on the roof counting  
The stars that fill the sky I wonder if  
Someone in the heavens looking back down on me,  
I'll never know  
So much space to believe

Funny when you're small  
The moon follows the car  
There's no one but you see  
Hey, the moon is chasing me

I worried if I looked away she'd be gone  
Don't lose the dreams inside your head  
They'll only be there til you're dead  
Dream

Walking through the wood  
No cares in the world  
The world has come to play  
She's all mine just for a day

There's not a moment to lose in the game  
Don't let the troubles in your head  
Steal too much time you'll soon be dead  
So play

All fall down  
It won't be so long now  
Out of the darkness comes light like a flash  
You think you can you think you can  
Sometimes that is the problem  
Dream little darling dream

Spinning on the wind  
The leaf fell from the limb

But everyday should be a good day to die  
Oh all fall down  
It won't be too long now  
Every fire dies  
I find it hard to explain how I got here  
I think I can I think I can

Then again I will falter  
Dream little darling dream

Spinning on the wind  
The leaf fell from the limb
