

# Calling Me Out

Dave

I swear, I swear  
We all need a little love sometimes  
I swear, you're calling me, calling me out  
I swear, we all need a little love sometimes  
I swear, you're calling me, calling me out

Lightey, looking like a wifey  
I press the blue button and I follow that  
I ain't gonna lie she a 10 10 but she ain't too peng for a follow back  
And she living life like she single  
But if anybody ask her she got a man  
A chick saw me whippin excursion and  
Now the same girl wanna holla man

But please don't draw me out, I ask nicely  
None of them girls they ain't wifey  
And they wanna talk and talk about ex's  
None of them man they ain't like me, nah  
You can't draw me out, I'm too cautious  
None of them girls are flawless  
And they wanna talk and talk about ex's  
None of them man they ain't

I swear, I swear  
We all need a little love sometimes  
I swear, you're calling me, calling me out  
I swear, we all need a little love sometimes  
I swear, you're calling me, calling me out

Telling me you gotta be working  
But also you gotta make time for me  
If we never go where I want  
Then why do girls ask what I'd like to eat  
And she wanna pay when I turn around  
I can't let her stand in the line for me  
I smiled when she pulled out her Barclays  
Sorry, it's the 419 in me

But please don't draw me out, I ask nicely  
None of them girls they ain't wifey  
And they wanna talk and talk about ex's  
None of them man they ain't like me, nah  
You can't draw me out, I'm too cautious  
None of them girls are flawless  
And they wanna talk and talk about ex's  
None of them man they ain't

I swear, I swear  
We all need a little love sometimes  
I swear, you're calling me, calling me out  
I swear, we all need a little love sometimes  
I swear, you're calling me, calling me out  
You're calling me, calling me out  
You're calling me, calling me out  
You're calling me, calling me out  
You're calling me, calling me out
