

# Paper Cuts

Dave

Ghosty  
Look

It's incredible scenes  
You can't make this up  
Two times that a man lost blood  
Football and paper cuts  
I see them man hatin' 'nuff  
Fuck, why you gotta make it tough?  
Wife talk, I break that up  
Trust, she can never make that us

This beef ain't mental  
Me and bro in a buss down rental  
Pissed cah the rideout unsuccessful  
Wasted trip from Central  
Should've invoiced my man for the petrol  
That girl got a shape that's dreadful  
Pencil, body come thin like Red Bull  
Young G on a rise, Kensal  
True, my little nigga outlines like stencils  
What's happenin'? (Wagwan?)  
He got touched and he got touched  
It's getting embarrassing  
Got a ting called Meg  
Five foot ten, wants me to marry it  
She can have this horse's dick  
It's calm if Megan a stallion  
Heard suttin' got touched in Vale  
I was in France eating asparagus  
Pause, the Porsche got a horse  
'Course, I don't need no chariot  
Dead ting wanna be wifey  
We can't even be companions  
My young G is carryin'  
Make him feel the force like Anakin, it's-

It's incredible scenes  
You can't make this up  
Two times that a man lost blood  
Football and paper cuts  
I see them man hatin' 'nuff  
Fuck, why you gotta make it tough?  
Wife talk, I break that up  
Trust, she can never make that us

So, what are you sayin'?  
I don't know about them man  
But us man know not to write statements  
My bro got shots for his flavours  
Same way we got shots for our paigons  
Young G in a new country taking over  
That's colonisation  
Fuck your organisation, hatin'  
You must think that we're gaming  
My little bro did him inside out  
That's hand-eye coordination

That nigga there would've dropped that day  
True say, the mandem did save him  
Now, he wanna call out paigon  
Ragin', how you gonna make that statement?  
Like, how you gonna make that-  
How you gonna make that work?  
Back below the average, baby  
How you gonna make that twerk?  
Like, how you gonna make that shake?  
Wait, how you gonna make that move?  
If I said he's been touched, I'm lying  
But it's on-sight 'til I make that true

It's incredible scenes  
You can't make this up  
Two times that a man lost blood  
Football and paper cuts  
I see them man hatin' 'nuff  
Fuck, why you gotta make it tough?  
Wife talk, I break that up  
Trust, she can never make that us

Anytime of day  
Bang for bro, that's famos  
Girls wanna go on dates  
Take a man out like Ramos  
Still can't dead this beef  
Release it like bro said, "man on"  
This war last him an infinity  
Man do it like Hulk and Thanos
