System

Dave

Whine baby, show me that your whine am well
Yeah, show me that whine am well, yeah, yeah, yeah
I never knew about you so well
But money make her kiss and tell, yeah
Only pray for love, God and peace and love
My enemies only pray for war

Uh, If you wanna get rich, there's a million ways
Sweet chick, familiar face
Wine, I got a brilliant taste
Whine, she got a brilliant waist
Money and fame
My people know struggle and pain
My people nah gon' suffer in vain
Don't call me by my government name
My girl, she badder than Rambo, a rider
Wan-Bissaka, the Lambo a spider
Michael Phelps, the AP a diver
Martial, my right hand, a striker
Tried to call, she blocked me, I Skype her
Damn it, I think that she got me a Lyca
Yardie lover, yard pussy me ah die for
Rack city, man, I'm comin' like, look

Whine baby, show me that your whine am well
Yeah, show me that whine am well, yeah, yeah, yeah
I never knew about you so well
But money make her kiss and tell, yeah
Only pray for love, God and peace and love
My enemies only pray for war

So I dey give them? (Yeah)
So I dey give them?
One more time when she feelin' it (Yeah)
One more time when she givin' it
One more time when she's livin' lit
Henny for system, yeah
One more time when she feelin' it
One more time and she givin' it
One more time and we livin' lit

I just caught one whine, now I'm feelin' like an M.V.P
I know that they're talkin' my name
But them man are old news like NBC
Tell the DJ dash 'way his MP3
Who's that girl with a leng DP?
Wait, what am I saved under
When I change numbers, I don't send BC's
Listen, it's a big flex if you're talkin' to me
ST, God bless my haters
She wanna do SMS, not save my soul
That's spend my savings
Waiter, can you bring more champagne in?
For the times I was livin' in stress
I wanna own all my, shh
But the system's built so we're livin' in debt
Man 'fi rise up 'cause we livin' in, yeah

Whine baby, show me that your whine am well
Yeah, show me that whine am well, yeah, yeah, yeah
I never knew about you so well
But money make her kiss and tell, yeah
Only pray for love, God and peace and love
My enemies only pray for war

So I dey give them? (Yeah)
So I dey give them?
One more time when she feelin' it (Yeah)
One more time when she givin' it
One more time when she's livin' lit, ah
Henny for system, yeah
One more time when she's feelin' it
One more time when she givin' me
One more time and we livin' lit, ah
