

Voices

Dave

I gotta speak out
I know Heartbreak well, man, I got her on speed-dial
Me and Suffering got the same dad
Me and Pain go way back
And it's hard to explain but

Oh, my love, I hear voices
Oh, my love, I hear voices when I sleep
Oh, my love, I hear voices
And the voices, they say
You're everything that I need

I can't get 'em out
I can't get 'em out my head
I can't get 'em out

Look, I don't wanna waste time
But Heartache's my G, I could get her on the FaceTime
Right now
Marvelous life, I don't know Envy
That nigga lives on the other side
But all the struggle my bredren
And the hustle my best friend
I heard of Regret
But I don't know him as well as my last few exes
All this pain must be the reason
The reason that

Oh, my love, I hear voices
Oh, my love, I hear voices when I sleep
Oh, my love, I hear voices
And the voices, they say
You're everything that I need

I can't get 'em out
I can't get 'em out my head
I can't get 'em out

Used to sit down in the room all day
And think to myself "What the fuck am I doin' wrong?"
Sorrow's a bitch, I'm glad that she left
I'm movin' on
Never had no pot to piss in
Made so many wrong decisions
'Til I fell in love with optimism
And our love is like the sweetest thing
Man grew up 'round sweets in cling
Now we pull up to the club with the sweetest things
I can't even play with the ting
If she ain't nineteen on the FIFA ting
I don't care what beef man's in
Can't pull up 'round here in the idiot ting, 'cause

Oh, my love, I hear voices
Oh, my love, I hear voices when I sleep
Oh, my love, I hear voices
And the voices, they say

You're everything that I need

I can't get 'em out

I can't get 'em out my head

I can't get 'em out
