

I'll Take a Bullet for You

Davey Suicide

I could turn my cheek
But I cannot live with the guilt it may bring
I could walk away
If I stay, would it change
Could I make it okay?

What more can I do?
What more can I say?

I'll take the bullet
For the right to save the pure
I'll fall down to my knees
I'll give you anything you need
I'll hold you close to me before the bomb explodes
And when our ashes turn to stone
I'll be there for you

For you

Turn my world to grey
Pass by all of the things
That could have been
Turn my back and say
That this black hole won't
Keep me down today

What more can I do?
What more can I say?

I'll take the bullet
For the right to save the pure
I'll fall down to my knees
I'll give you anything you need
I'll hold you close to me before the bomb explodes
And when our ashes turn to stone
I'll be there for you

Take your misery
Tear it out of me
Take your misery
Tear it out of me

I'll take a bullet
For the right to save the pure
I'll fall down to my knees
I'll give you anything you need
I'll hold you close to me before the bomb explodes
And when our ashes turn to stone
I'll be there for you

I'll take the bullet
I'll take a bullet
I'll take the bullet
I'll be there for you

I'll take the bullet
I'll take a bullet

I'll take a bullet

I'll be there for you!
