Sick Suicide

Davey Suicide

You're stuck in a world of sin It's painted crystal clean You're broke like America Selling the same ole dream Your picket fence is white While soldiers get shot down Freedom isn't free until you run the town!

It's a sick! Sick! Suicide Dreaming keeps us alive Sick! Sick! Suicide We are partners in crime It takes a tragedy To leave a legacy Sick! Sick! Sick! Suicide Suicide

You're confused in believing everything that's on the news You're real like Hollywood, staging every move Your praised like a million marching for the right of one Our nation under fraud, look what we've become

It's a sick! Sick! Suicide Dreaming keeps us alive Sick! Sick! Suicide We are partners in crime It takes a tragedy To leave the legacy Sick! Sick! Suicide

We, we are partners in crime We are, partners in crime We, we are partners in crime We are, partners in crime

It takes a tragedy to lead the legacy It takes a tragedy to lead the legacy

It's a sick! Sick! Suicide Dreaming keeps us alive Sick! Sick! Suicide We are partners in crime It takes a tragedy To lead the legacy Sick! Sick! Sick!

It's a sick! Sick! Suicide Dreaming keeps us alive Sick! Sick! Suicide We are partners in crime It takes a tragedy To lead the legacy Sick! Sick! Sick! Suicide
