

# World Wide Suicide

Davey Suicide

It started as a way of life, save me from myself  
Escape the pain and take control  
As more people would confide, teachers were irate  
Suspending kids for wearing shirts, with messages of hate

Are you ready?  
Are, are, are you ready?  
Are you ready?  
Are, are, are you ready?  
World Wide Suicide  
You are the wrist, I am the knife  
World Wide Suicide  
You are the wrist, I am the knife

They all tried to shut us down, censor what we say  
Scared we'll take their clout away  
As our worlds both collide, don't listen what we say  
They'll never understand us anyway

Are you ready?  
Are, are, are you ready?  
Are you ready?  
Are, are, are you ready?

World Wide Suicide  
You are the wrist, I am the knife  
World Wide Suicide  
You are the wrist, I am the knife

What is your reason, your reason to hate?  
I've got one finger that will set it straight  
Am I a threat, Yeah  
Do you hate yourself  
Am I a threat, Fuck Yeah  
Do you wanna be me?

World Wide Suicide  
You are the wrist, I am the knife  
World Wide Suicide  
You are the wrist, I am the knife

Fuck yeah!
