Call me tell me hold me (□□□□)

Yeah I said we shouldn't meet
And I told you not to call
But are you really going to do what I said?
That's not what I really wanted
It might really end like this
And I might really forget you
My feelings get more unsteady
And I become sadder
What is affection?
It makes me mis you
I can't live without you

Gimme a call Baby Baby~ Call me right now
Gimme a call Baby Baby~ I wait for you every day
That you love me, that you love me
At least send me a text
Don't make me cry, no woah wow~

I wonder what you are doing and how busy you are
Are you not picking up the phone on purpose
Knowing full well that it's me calling
Have you forgotten me
Has your heart closed up
Leaving me alone, have you really…
I keep on crying
What is affection? It's scarier than love

It's hard to erase

Gimme a call Baby Baby~ Call me right now
Gimme a call Baby Baby~ I wait for you every day
That you love me, that you love me
At least send me a text
Don't make me cry, no woah wow~

Call me tell me hold me (that it's not true)
Call me tell me hold me (you can't leave)

Gimme a call Baby Baby~ Find me once again
Gimme a call Baby Baby~ I still have things to say

I love you, I love you so much
I shout in your direction
I will wait for you

Call me tell me hold me (that it's not true)
Call me tell me hold me (come back to me)
