I told you, that I love you
I confessed my love to you
Behind you, I said it aloud
Ihat I love you

I tried to hide it in my heart forever,
But loving alone is too painful
Dreaming, wanting, watching all alone,
It's too hard

What should I do?
My heart finally makes an accident
I shouldn't love, not me
Even though I try so hard to prevent it,
I know it'll hurt,
But I still make that accident
Without me knowing,
My heart created love towards you

I didn't want to love ever again,
The scars that will come later hurts so much
Wanting someone, and waiting,
That's so hard

What should I do?
My heart finally makes an accident

I shouldn't love, not me
Even though I try so hard to prevent it,
I know it'll hurt,
But I still make that accident
Without me knowing,
My heart created love towards you

I keep getting scared,
That it'll be too painful
That my heart may be shattered,
So that I can't use it again

What do I do?
My tears cause problems again
I don't wanna cry, I don't wanna
Even though I try to endure,
It's begging me to bring you back,
It wants to see you
Not knowing that
You don't even look at me
