I thought it was over
Because it was just as my friends told me
About the formula for a break up
So I turned off my phone
I thought, if I endured through a couple days
I would forget someone like you

(But the me inside)
Is whispering that there won't be a person
That I'll love like I loved you
(That I'll wander around here and there)
And go back to you
That this cannot be the end

Like a lie
My heart froze cold
But it melts down in front of you
Just like the season changes
From cold winter to spring
I'm melting because of you

Drip, drip
Melting
Drip, drip

Why did you do that back then?
Was it because you were sick of me?
Or did I do something wrong?

(They say men are like this)
They say not to always be by their sides
And not to treat them well all the time
(But I like you, what to do?)
I hate you for making me cry
I curse at you and resent you but

Like a lie
My heart froze cold
But it melts down in front of you
Just like the season changes
From cold winter to spring

I'm melting because of you

Gone is the winter, right?
I don't want to see you cry anymore
If only I could reach you,
You would know
But it's not as easy as it sounds
Every time you do that,
A corner of my heart crumbles
Don't cry,
But remember this one thing
You're the only one, babe,
It's true

Like a lie
My heart froze cold
But it melts down in front of you
Just like the season changes
From cold winter to spring
I'm melting because of you

Drip, drip
Melting
Drip, drip

Because I'm a fool
Because I only know you
That's why
I'm melting again
