Just me and you yeah
Ah you are so nice
Say it for me

The hot summer ocean and the sand,
The song that awakens me
The night sky and the stars (yayayaya)
On the white sand
I secretly write your name
Over the blue sea
We are flying in the sky over the blue sky (yayayaya)

Like the honey and the bee,
I only see you, I keep falling for you

(Duwap duduwap)
When I think of you, I sing a song
(Duwap duduwap)
I only need you

I tell you I love you I tell you I love you
At the ocean with the sunset
Without anyone knowing,
Let's have a festival together
I tell you I love you I tell you I love you
I can't live without you
This place where even
The sun dances is paradise

Be my love, the stars burn with love
I can really only see you
Welcome to lovefrica Welcome to lovefrica
Let's never say goodbye, even the sunset is on fire

(Duwap duduwap)
When I think of you, I sing a song
(Duwap duduwap)
I only need you

I tell you I love you I tell you I love you
At the ocean with the sunset
Without anyone knowing,
Let's have a festival together
I tell you I love you I tell you I love you
I can't live without you
This place where even
The sun dances is paradise

Can't you go on without me? Why do I only see you?
The sound of the waves are blessing us (I love you)

I tell you I love you I tell you I love you
At the ocean with the sunset
Without anyone knowing,
Let's have a festival together
I tell you I love you I tell you I love you
I can't live without you
This place where even
The sun dances is paradise
