I live because of you

I live day by day because of you
I can't die, so I live painfully
Today, I spend another sleepless night
I live day by day painfully
I can't forget you so tears fall blankly
Now, I can't see you anymore

I go the path the wind chose
I step on the memories you and I shared
The tears that won't stop falling
Are making me feel difficult, I still love you

Don't move. Please don't move
Stop and stay there
I'm falling down, I'm breaking down
Don't move. Please don't move
I'm hurt, please hug me

I live day by day because of you
I can't die, so I live painfully

Today, I spend another sleepless night
I live day by day painfully
I can't forget you so tears fall blankly
Now, I can't see you anymore

All night, I'm drunk and I call you
You don't answer and it makes me sad
I can't die so I live
How are you? I miss you

Don't move. Please don't move
Stop and stay there
I'm falling down, I'm breaking down
Don't move. Please don't move
I'm hurt, please hug me

I live day by day because of you
I can't die, so I live painfully
Today, I spend another sleepless night
I live day by day painfully
I can't forget you so tears fall blankly
Now, I can't see you anymore

Late at night, on the streets
This sad music keeps playing
Why is it like my heart, what do I do?
I miss you so much

I live because of you
