Just like yesterday I pick up the phone
Inside the mirror I stand alone wearing a sad smile
When I shed the familiar tears from my blurry eyes
The times when I loved you
Tell me I must send you away

The first day I told you I loved you
The day you left ending our relationship
Everything's the same except I'm a fool not know you
Did you really leave
Is it really that we separated...

Should I ask the wind where you are...
I can't forget you just as I thought maybe you will comeback
They say life's like this, that it's just past memories
Back to the time when I didn't know you
Is where they say I have to return to

The first day I told you I loved you
The day you left ending our relationship
Everything's the same except I'm a fool not know you
Did you really leave
Is it really that we separated...

What do we do? we made our love cry
I have no confidence in sending you away with a smile

Wherever my love goes don't forget me
My love will always be here
I just have to meet someone nice and live happily thinking of you often
Will you think about our love often?

The first day I told you I loved you (I love you)
The day you left ending our relationship (still)
Everything's the same except I'm a fool not know you
Did you really leave...
Is this how it is ...
