It's because
I miss you more today
Are you doing well,
Are you still the same?
Don't worry too much,
I'm just a little bit not over you
It's because of the rain and I feel moody
So I thought of you

Will you come back? Will you come back?
One heart fluttering night
I waited all night in a dark room

I waited and waited for you
And I cried a lot
Because I know it won't work

Even if we meet again
I waited and waited for you
I really hate you so much
But I hate myself for still crying
And laughing because of you alone

It's because
I miss you more today
More because the wind feels cool
And the weather is nice
If time passes a little,
Will I be able to see you once more?
If you meet someone good and become happy
Will you forget me?

I think it's all over
The more I think that it's over
I miss you so much that

I waited and waited for you and I cried a lot
Because I know it won't work even if we meet again
I waited and waited for you
I really hate you so much
But I hate myself for still crying
And laughing because of you alone

I miss you, I miss you
I cried a lot
Because no matter how much I try, you won't come
But still, if I wait for you,
If I keep longing for you
Maybe you'll look at me once more
So I wait for you

It's because I miss you more today
