Arizona Rivers

David Allan Coe

When you're young You wanna believe Believe in love Believe in everything

Time Seems to be on your side When you're young And in love

Time to move along, baby I've got this feelin' Something's going on

I can't make my mind up When I do I tell you, baby I'll be through with you

I feel a heart ache comin' on I feel a heart ache comin' on I feel a heartbreak And it's coming on strong
