

# Drinking Her Off My Mind

David Allan Coe

I keep runnin' from old memory  
They never fall behind  
It's time to take drastic measures  
I'll try Drinking Her Off My Mind.

Neon lights shinin' bright  
This is the first bar I've seen tonight  
I wish I may I wish I might  
Drink Her Off My Mind tonight.

That old ocean's been callin' her name  
And the wind tells me I am to blame  
So the easiest thing that I find  
Is Drinking Her Off My Mind.

Oh neon lights shinin' bright  
Second bar I've seen tonight  
I wish I may I wish I might  
Drink Her Off My Mind tonight.

You know this could take all night  
But I just got to do it right  
She'll be gone by the morning light  
I've been Drinking Her Off My Mind.

Neon lights shinin' bright  
Third bar I've seen tonight  
I wish I may I wish I might  
Drink Her Off My Mind tonight.

I keep runnin' from old memories  
They never fall behind  
It's time to take drastic measures again  
I'll try Drinking Her Off My Mind.

Neon lights shinin' bright  
This is the fourth bar I've seen tonight  
I wish I may I wish I might  
Drink Her Off My Mind tonight.
