

I Could Never Give You Up (For Someone Else)

David Allan Coe

Don't you ever doubt my love cause you fit me like a glove
And I could never give you up for someone else
Honey I won't do you wrong and I've been loving you too long
And I could never give you up for someone else
When it comes to lovin' honey you can sure put out the flame
No other woman ever could now ain't that a shame
You lay heavy on my mind you're the best love I could find
And I could never give you up for someone else

If you ever have to go honey please don't let me go
Cause I could never give you up for someone else
When it comes to lovin' honey...
[guitar]
If you ever have to go...
