

I Hate Love

David Allan Coe

I hate telephones
Especially when I'm waiting for your call
I hate teardrops
Especially just before they start to fall
And I hate love
More than anything else in life, I hate love

I hate love because it tears me apart
I hate love because it always breaks my heart

I hate memories
Especially when they're always about you
I hate feelings
Especially when I know they're not true
I hate love
More than anything else in life I hate love

I hate love because it tears me apart
I hate love because it always breaks my heart

I hate dreaming
Especially the ones that don't come true
And I hate old songs
Especially the ones that make me blue
And I hate Love
More than anything else in life, I hate love

I hate telephones
Especially when I'm waiting for your call
I hate teardrops
Especially just before they start to fall
And I hate love
More than anything else in life I hate love
