

# Pussy Whipped Again

David Allan Coe

Pussy whipped again  
A Fine mess I found myself in  
Tryin' to be her buddy  
Trying to make a woman my friend...

Pussy whipped again  
blame it on the whiskey and gin  
Oh Lord, I'm pussy whipped again.

I took my male ego  
And placed it under lock and key  
I swore no God damn woman  
would ever make a fool of me.

Then I met this barmaid  
and my whole damn world caved in  
Heaven knows when she sucked my toes  
I was pussy whipped again

Pussy whipped again  
A fine mess I got myself in  
Tryin' to be a buddy  
Trying to make a woman my friend  
Pussy whipped again  
blame it on the whiskey and gin  
Oh Lord, pussy whipped again.

I knew my chauvenistic ways  
would someday make her change her mind  
And sure enough she left me  
And just in the nick of time

Her girlfriend took me around the world  
To places that I've never been  
She called my bluff  
And sure enough  
I was pussy whipped again

Pussy whipped again  
a fine mess I got myself in  
Tryin' to be her buddy  
Trying to make a woman my friend  
Pussy whipped again  
blame it on the whiskey and gin  
Oh Lord, pussy whipped again.

Play it on time...

Pussy whipped again  
a fine mess I got myself in  
Tryin' to be a buddy  
Trying to make a woman my friend  
Pussy whipped again  
blame it on the whiskey and gin  
Oh Lord, pussy whipped again.
