

Time After Time

David Allan Coe

Time after time
I've said I'm sorry
Time after time
You said we were through
Kiss and make up
Just like the movies
I'll take you back
I'll take you back
Time after time

Sooner or later
You're gonna need me
Slowly but surely
You're gonna find
Practice makes perfect
When we're together
Our love gets better
Our love gets better
Time after time
