

Barriers

David Archuleta

Well, I don't know how to say this right
And the words got me chokin'
I keep hittin' this wall
It's never gonna fall
And we're still broken
This mountain we've been trying to climb
It's never ending
Just can't do nothing
Gotta do something
'Cause if we don't open up our eyes
We're just pretending

Well, there's a time for givin' up
Didn't want to have to say it
All we doin' is building walls
And now there's too many barriers

Here we are lying here
It's our last final goodnight
Just because it feels so good
No use pretending we're alright
Too many locks, too many crimes
Too many tears, too many lies
Too many barriers
Ohhh
Just too many barriers

Now we've been draggin' this whole thing out
But I can't wait any longer
Our love's burning down
Creepin' in the doubt
We're not getting any stronger
I hear you say that we're doin' OK
But, baby, I don't think so
Just can't do nothin', gotta do something
'Cause if I don't get into my car I won't go very far.

Well there's a time for giving up
Didn't want to have to say it
All we're doing is building walls
Now there's too many barriers
Ohhhh

Here we are lying here
It's our last final goodnight
Just because it feels so good
No use pretending we're alright
Too many locks, too many crimes
Too many tears, too many lies
Too many barriers
Too many barriers

Just too many barriers
That we keep running into
Been tryin', but we just can't break through
I know I'm gonna keep wishing I was with you
But we just gotta stop

Here we are lying here
It's our last final goodnight
Just because it feels so good
No use pretending we're alright
Too many locks, too many crimes
Too many tears, too many lies
Too many barriers
Just too many barriers

In your hurry to get somewhere
In a hurry to get somewhere
And the world's tryin' to stop us
And you feel like you're nowhere
'Cause the world's tryin' to stop ya
Stop ya
Too many barriers
