

Can I Call You

David Archuleta

Saw you standing there
In a crowded room
I didn't see
Anyone but you
I'm usually patient
But this time I ain't waiting
I can see my shot and I'm gonna take it

Now I'm calling you baby
Like it was your name
I tell you come over
I don't wanna sound insane
It's more than a crush
Maybe it's love
And I don't know what to say, but are you up
Are you up

Can I call you
We don't even need to talk
Don't need no volume
You can listen to my heart
Boy you're the sweetest
Like peaches
Even if it's just you breathing that'll do
Oh
Can I, can I, can I call you

Can I call you

Now you're back in Atlanta
And I'm home in LA
I wish you were closer
I wish I had stayed
'Cause I'm missing your body
And how you say my name
I ain't jealous
I just hate when you're away

If you want it, come take it
I can feel the vibrations
It's so close, you can taste it
I'll show you all of the ways that
I can make you feel good
Make you feel that good wood
You come over right now
If you could
Think you should

Can I call you
We don't even need to talk
Don't need no volume
You can listen to my heart
Boy you're the sweetest
Like peaches
Even if it's just you breathing that'll do
Oh
Can I, can I, can I call you

In the morning
In the evening
In the middle of the night
And I want you
No I need you
You're the one thing on my mind
Every morning
Every evening
To tell you that my heart is on the line

Can I call you
We don't even need to talk
Don't need no volume
You can listen to my heart
Boy you're the sweetest
Like peaches
Even if it's just you breathing that'll do
Oh yeah
Can I, can I, can I
Can I, can I, can I
