

Christmas Every Day

David Archuleta

Sidewalks covered up in snow
Lights up everywhere we go
Santa's on his way
It's Christmas every day

It's here again
Finally the season when
Everybody's caroling
Peace on earth, good will
To everyone
Children all having fun
Waiting on Santa to come
With the bag full of Christmas cheer

It all goes by so fast
If only I can make this last

Sidewalks covered up in snow
Lights up everywhere we go
Santa's on his way
It's Christmas every day
Friends all warmed up by the fire
Sometimes I just wish that I
Could always feel this way
Like it's Christmas every day

As for me
There's nothing like a Christmas tree
Surrounded by family
Deck the Halls with boughs
Of evergreen, let's pop some corn
And watch our favorite scene
Where the angel gets his wings
With every bell that rings

It all goes by so fast
If only I can make this last

Sidewalks covered up in snow
Lights up everywhere we go
Santa's on his way
It's Christmas every day
Friends all warmed up by the fire
Sometimes I just wish that I
Could always feel this way
Like it's Christmas every day

Oh, oh, oh, oh, oh, oh
Christmas every day

If I could have one more gift just for me
Joy to the world it would be
With more Christmases under the tree

Sidewalks covered up in snow
Lights up everywhere we go
Santa's on his way

It's Christmas every day
Friends all warmed up by the fire
Sometimes I just wish that I
Could always feel this way
Like it's Christmas every day

Sidewalks covered up in snow
Lights up everywhere we go
Santa's on his way
It's Christmas every day
Friends all warmed up by the fire
Sometimes I just wish that I
Could always feel this way
Like it's Christmas every day
