

# Faith In Me

David Archuleta

Every time we touch  
I can feel it right inside me  
It's a different kind of rush  
I wanna see you everyday

It's building up inside  
And I don't wanna hide it  
Oo you make me feel alive, alive, alive

Who cares what anyone else will say  
No rules, no stops and only us

We don't have to stay here  
We don't really have to take it slow  
Baby, you can put your faith in me  
I wanna know  
Are you ready  
Take my hand and I won't let you go  
Baby, you can put your faith in me  
1, 2, 3, 4

Every time  
You touch me it's like I'm on fire  
And I'm about to let my feelings win

Who cares what anyone else will say  
No rules, no stops and only us

We don't have to stay here  
We don't really have to take it slow  
Baby, you can put your faith in me  
I wanna know  
Are you ready  
Take my hand and I won't let you go  
Baby, you can put your faith in me  
1, 2, 3, 4

Baby you can put your faith in me

Every time  
You touch me it's like I'm on fire  
And I'm about to let my feelings win

We don't have to stay here  
We don't really have to take it slow  
Baby, you can put your faith in me  
I wanna know  
Are you ready  
Take my hand and I won't let you go  
Baby, you can put your faith in me  
1, 2, 3, 4

Baby, you can put your faith in me
