

# Lucky

David Archuleta

Hey, yeah, yeah  
Yeah, yeah

It's crazy how it makes sense to me  
That planes can fly and the moon can move the sea, yeah  
How the earth can quake or make a hurricane  
And stars above are just made of flames, yeah

And my mind, it goes blank  
Every time you say my name  
'Cause it's so surreal  
That you know it

Baby, I  
I can't believe this is real  
I feel so lucky to be in this moment  
'Cause we waited for it  
No, we can't ignore it  
And out of everyone that could've been  
Here with me in this room  
I can't believe that it's

You, you, you  
You, you, you  
You, you, you  
You, you, you  
You, you, you  
You, you, you, you

I can't believe it's you and me, under the sheets  
The sun is creeping through the curtain, sneaking right up your face, yeah  
Use your hands to trace my body, take a picture of me  
Hold it when I'm back in L.A., yeah

And my mind, it goes blank  
Every time I say your name  
'Cause it's so surreal  
That I know it

Baby, I  
I can't believe this is real  
I feel so lucky to be in this moment  
'Cause we waited for it  
No, we can't ignore it  
And out of everyone that could've been  
Here with me in this room  
I can't believe that it's

You, you, you  
You, you, you  
You, you, you  
You, you, you  
Be your man, baby  
You, you, you  
You, you, you, you  
Yeah  
You, you, you

You, you, you

Of everybody that it could've been

You, you, you

Hey, yeah, hey, yeah, yeah, yeah

You, you, you

You, you, you

You, you, you, you

Hey, yeah

Of everybody that it could've been

You, you, you

And I feel so lucky to be

Anybody that it could've been

You, you, you

It's you

You, you, you

You, you, you, you

Be your man

Of everybody that it could've been

You, you, you

Anybody that it could've been

You, you, you

It's you

You, you, you

You, you, you, you

It's you
