

Movin'

David Archuleta

There's somethin', I'll admit it
You tell me you don't want me but I know
So you don't wanna listen
You wouldn't put your number in my phone
But it's alright, I'll be back again tomorrow
You've been on my mind, there's no way I can stop it

Ooh, I like the way you're movin', you're movin'
You've been playin' hard to get from the start
Ooh, I like the way you're movin', you're movin'
Ooh, I'm likin' what you do to, you do to my heart

You give me some attention
You draw me in but just to turn me down
Ain't even a question
You won't let just any guy take you out
But it's alright, I'm not like the others, honey
Let me change your mind, tell me that you want me

Ooh, I like the way you're movin', you're movin'
You've been playin' hard to get from the start
Ooh, I like the way you're movin', you're movin'
Ooh, I'm likin' what you do to, you do to my heart

But it's alright, I'm not like the others, honey
Let me change your mind, tell me that you want me
(Let me change your mind)

Ooh, I like the way you're movin', you're movin'
You've been playin' hard to get from the start
Ooh, I like the way you're movin', you're movin'
Ooh, I'm likin' what you do to, you do to my heart

(The way you're movin')
(I like the way you're movin', oh)
(I like the way you're movin', oh)
