

## My Little Prayer

David Archuleta

Heavenly Father, I am grateful  
For your eternal presence  
I am learning to be patient  
And that you are really there

Sometimes I am afraid  
And I know that's lacking faith  
But I'm beginning to understand  
That for me you have a plan

Heavenly Father, I am grateful  
For you sending your son  
To die so that I live  
And for never giving up

I'm learning everyday  
That I won't always have my way  
But I'm beginning to understand  
That for me you have a plan

Heavenly Father, I am grateful  
For you hearing my prayer  
I am learning to be patient  
And that you are really there

There are answers I'm receiving  
No, they're not always immediate  
Sometimes I have felt a defeated  
That's when I kneel down in prayer

You show me you hear my prayer  
I'm amazed by how you care

Cause you hear  
My little prayer
