

# Need

David Archuleta

I ask myself what takes so long  
Then I start thinking something's wrong  
This loneliness goes on and on  
To the point my faith is almost gone

I'm still looking but it's nowhere  
And I wonder if you're there  
It's like breathing when there no air  
So I'm waiting... waiting

We all just need someone to love  
We all just need someone to love  
Hearts weren't meant to be alone  
Cuz we all just need someone to love

That's all we need  
That's all we need

I've been looking to be found  
Cross the seas from town to town  
That human touch that feels like home  
And thaws the ice that's in my bones

I'm still looking but it's nowhere  
And I wonder if you're there  
It's like breathing when there's no air  
So I'm waiting... waiting

We all just need someone to love  
We all just need someone to love  
Hearts weren't meant to be alone  
Cuz we all just need someone to love

That's all we need  
That's all we need

We all just need someone to love  
We all just need someone to love  
Hearts weren't meant to be alone  
Cuz we all just need someone to love
