

# Patient

David Archuleta

Jump the gun  
Tend to run  
Off at the mouth  
I see that it's  
In your eyes  
Read the signs  
Breathing in deep  
You're waiting to

Le le le le le le let me know  
Find the beauty in the letting go  
Hurry up and learn to take it slow

I'm trying to be patient  
I tell myself remember  
Remember to breathe  
I'm trying to be patient  
So won't you please be patient  
Be patient with me

Cause it don't come easily  
It don't come easily

Know that I  
Tend to fly  
Through all these steps  
Thats why I  
Give too much

Then, not enough  
My mind is racing  
And I can't keep up so

Le le le le le le let me know  
Find the beauty in the letting go  
Hurry up and learn to take it slow

I'm trying to be patient  
I tell myself remember  
Remember to breathe  
I'm trying to be patient  
So won't you please be patient  
Be patient with me

Cause it don't come easily  
It don't come easily  
It don't come easily  
It don't come easily

Le le le le le le let me know  
Find the beauty in the letting go  
To hurry up and learn to take it slow

I'm trying to be patient  
I tell myself remember  
Remember to breathe  
I'm trying to be patient

So won't you please be patient  
Be patient with me

Cause it don't come easily  
It don't come easily  
It don't come easily  
It don't come easily
