

# What Do You Want With His Love

David Ball

Don't tell me it's all over  
Don't break my heart in two  
Happiness is mine when I'm with you  
Is it true you've found another  
Are you leaving me behind  
What do you want with his love  
You've already got mine

So what do you want with somebody new  
You've already got a love that's true  
You're gonna look back and long for the day  
You'll want the love you threw away

You will remember this heart you've broken  
If you leave me far behind  
What do you want with his love  
You've already got mine

What do you want with somebody new  
You've already got a love that's true  
You're gonna hurt me much more than you know  
If you really mean to let me go

You will remember this heart you've broken  
If you leave me far behind  
What do you want with his love  
You've already got mine

What do you want with his love  
You've already got mine
