

# On Everything

David Banner

Pick up your gun  
Jump in the whip  
Let's ride on this like oh oh oh  
Let's ride on this like oh oh oh  
Let's ride on this like oh oh oh  
Let's ride on this like oh oh oh

I put that on everything  
I will be reppin' the south to the day that I die  
I put that on everything  
From the midwest I'm ready to ride because I'm from the Chi  
I'm from the M I'm from the Double the S, y'all know the rest  
Talk about that and I'll dig in yo chest  
Ready to die for these streets so hit you with with this heat  
You don't want to see T and DB and I put that on everything  
You don't want to see T and DB and I put that on everything
