

## Pretty Pink

David Banner

So pretty, love to see ya pretty pink when you in the club  
Showin all the playas love, pretty pink  
Love to see your pretty pink

What it is baby  
Come on show me love  
What it is baby  
When you fall off in the club  
I might break you a dub off  
Or buy you a drink  
If you show me the pretty pink  
What it is baby  
Come on show me love  
What it is baby  
When you fall off in the club  
I might break you a dub off  
Or buy you a drink baby  
If you just show me the pretty pink

Her pussy look damn near better than her face  
With haste, you race yo ass to the club so you can waste  
Yo money, Yo time  
Then she work her spine then you losein' yo mind  
Now all yo money mine  
'Cause I'm up in her mind  
Now get yo trick ass back on the grind and make cash  
Cuz she gone pop her pussy  
And you gonna pay up real fast  
And I jump with Pink Cadillac like that  
Bitches screamin, "OH! He's a Mississippi mack"  
Well I is that  
Get yo ass back on yo stage  
I'm tryna put my parkin lot on them two's and J's  
You need a place to stay  
Lay yo ass on the couch  
Pull out yo money out  
She might pop it in her mouth  
In the back in the VIP  
It's O.G, Colhee, Angel, Eddie , and me  
Nothin's for free  
So what it is baby, gone touch the glass  
Show that pretty pink, bend over, get my cash

What it is baby  
Come on show me love  
What it is baby  
When you fall off in the club  
I might break you a dub off  
Or buy you a drink  
If you show me the pretty pink  
What it is baby  
Come on show me love  
What it is baby  
When you fall off in the club  
I might break you a dub off  
Or buy you a drink baby  
If you just show me the pretty pink

What you doin' girl with all that?  
So much booty, when you back up, I damn near fall back  
But ay, I ain't complainin', aiming, swingin' this ball bat  
Knockin' poo poo out the park  
Marcus the tall mack  
That you met last week smellin' like that bud  
Smoked out, loaced out, all in yo ear, tryna see what was up  
With you and ya partner  
Cuz I was three deep with my clique  
Gettin' slizzard with David Banner and that nigga Dip  
But look here baby, I was really just diggin' ya steez  
Like when you be droppin', ya elbows be touchin' yo knees  
I'm so intrigued  
Plus you showin' some cleavage, with ya shirt unbuttoned halfway  
And I'm sippin' on that Grand Marnier  
So let's say around ten  
We meet up at the bar, we can get us some more Henn  
I get up with my niggas, you get up with yo friends  
I'm tryin' to work some motion into your ocean and dive on in, on in

What it is baby  
Come on show me love  
What it is baby  
When you fall off in the club  
I might break you a dub off  
Or buy you a drink  
If you show me the pretty pink  
What it is baby  
Come on show me love  
What it is baby  
When you fall off in the club  
I might break you a dub off  
Or buy you a drink baby  
If you just show me the pretty pink

I ain't too good hood, ain't too bad for the suburbs  
The best of the best, nigga, fuck what you h-eard  
I'm superb  
Or maybe "your majesty" be the word  
For king of all kings supreme of all things (tell him)  
Tip be the nigga who seen in broad dreams  
Takin' off their g-strings and they small jeans  
So fresh, so clean whenever you see T.I.P  
Hoes yell for me like Scream 3  
I got a solid gold Caddy or a royal blue Impala  
I make a old hoe choose and a young hoe holla  
Been a baller since my younger days  
Raised in the city of Atlanta  
Holla at Banner  
Back and forth to Mississippi (A TOWN!)  
Got a bad bitch with me and a car  
From Magic City  
Choosin' on some bitches Banner had stripin' in the Avalanche  
Your fuckin' with a playa, young nigga  
Got more pull than the mayor, fuck nigga
