

# Don't Let Me Down & Down

David Bowie

Still I keep my love for you  
No place to hide no way to fall  
Nowhere to lie no world so wide  
I'm sick and tired of telling you  
Don't let me down and down and down  
Don't let me down and down and down  
I know there's something in the wind  
That crazy balance of my mind  
What kind of fool are you and I?  
Scared to death and tell me why  
I'm sick and tired of telling you  
Don't let me down and down and down  
Don't let me down and down and down  
Still I keep my love for you  
You made a date with destiny  
You jog-jog in my memory  
You haunt in mind not fade away  
I'm sick and tired of telling you  
Don't let me down and down and down  
Don't let me down and down and down  
I'm sick and tired of telling you  
Still I keep my love for you  
No place to hide, no way to fall  
Nowhere to lie no world so wide  
I'm sick and tired of telling you  
Don't let me down and down and down  
Don't let me down and down and down
