David Bowie

Back into the funhouse  
Music is sublime  
You see the lady spinning  
She'll show me

We all lie in the funhouse  
No one is your friend  
No one loves a loser  
We love you

In the funhouse  
(In the funhouse)  
In the funhouse  
(In the funhouse)  
In the funhouse  
(In the funhouse)  
In the funhouse  
(In the funhouse)

We'll show you  
Really good time

We all lie in the funhouse  
Girls wag their pain  
No one sleeps in the funhouse  
They'll show you

We'll show you

In the funhouse  
(We'll show you)  
In the funhouse  
(In the funhouse)  
In the funhouse  
(In the funhouse)  
In the funhouse  
(In the funhouse)

We'll show you  
Really good time

Back into the funhouse  
My dreamdogs have arrived  
My summer turns to fall  
And I'll miss you

We'll show you  
She'll show me  
We'll show you  
She'll show me  
Really good time  
Really good time
