

# Sister Midnight

David Bowie

Calling Sister Midnight  
You've got me reaching for the moon  
Calling Sister Midnight  
You've got me playing the fool  
Calling Sister Midnight

Calling Sister Midnight  
Can you hear me call  
Can you hear me well  
Can you hear me at all  
Calling Sister Midnight  
I'm an Idiot for you  
Calling Sister Midnight  
I'm a breakage inside  
Calling Sister Midnight  
Calling Sister Midnight  
You know I had a dream last night  
Mother was in my bed  
And I made love to her  
Father he gunned for me  
Hunted me with his six gun  
Calling Sister Midnight  
What can I do about my dreams

Listen to me Sister Midnight  
You put a beggar in my heart  
Calling Sister Midnight  
You've got me walking in rags  
Hey where are you Sister Midnight  
Can you hear me call  
Can you hear me well  
Can you hear me at all
