

## So She

David Bowie

For the priceless man  
Who suffers gloom  
So slow  
Eyes were stolen  
For her  
A sleeping sky  
Takes the moon  
So slow  
I would slide away  
Further out to sea  
Further out to sea  
So she

She saw me smile  
Feeling like  
I'd never been  
She saw me smile  
Feeling like I'd never been  
In love  
Feeling like I'd never been  
The only one and all alone  
The only one and all alone
