

# Something in the Air

David Bowie

Your coat and hat are gone  
I really can't look at your little empty shelf  
A ragged teddy bear  
It feels like we never had a chance  
Don't look me in the eye

We lay in each other's arms  
But the room is just an empty space  
I guess we lived it out  
Something in the air  
We smile too fast  
Then can't think of a thing to say

Lived with the best times  
Left with the worst  
Danced with you too long  
Nothing left to save

Let's take what we can  
I know you'll hold your head up high  
We've raged for the last time  
A place of no return

And there's something in the air  
Something in my eye  
I've danced with you too long  
Yeah  
Something in the air  
Something in my eye

Abracadoo, I lose you  
We can't avoid the clash, the big mistake  
Now we're going to pay and pay  
The sentence of our lives  
Can't believe I'm asking you to go

We used what we could  
To get the things we want  
But we lost each other on the way  
I guess you know I never wanted anyone more than you

Lived all our best times  
Left with the worst  
I've danced with you too long  
Say what you will  
There's something in the air

Raged for the last time  
But I know you'll hold your head up high  
There's nothing we have to say  
There's nothing in our eyes

But there's something in the air  
Something in my eye  
I danced with you too long  
There's something I have to say  
There's something in the air

Something in my eye

I've danced with you too long  
Danced with you too long  
Danced with you too long  
And there's something in the air  
Something in the air
