## When the Wind Blows

**David Bowie** 

So long child, I'm on my way And after all is done, after all is done Don't be down, it's all in the past Though you may be afraid

So long child, it's awful dark And I've never felt the sun I dread to think of when When the wind blows When the wind blows When the wind blows When the wind blows

Life burns a savage wound, angry and wrong Trusting a twisted word, you'll run, run away You'll take him home You'll spit and taunt him But they won't believe you No matter what you'll say

So long child, it's awful dark I never felt the sun I dread to think of when When the wind blows When the wind blows When the wind blows When the wind blows
