

Ice Age

David Byrne

Oh diamond
How we've been
Oh diamond
It's such a shame
To see you this way, freezing it out
Your own little ice age

Ice age
Ice age

Oh diamond
Get out of bed
All unbuttoned
Seams are showing
And you're freaking me out, freezing it out
Your own little ice age

Ice age
Ice age
Ice age
Ice age

We won't know how much we've lost until the winter thaws
We won't know just what we lost until your winter thaws

Oh diamond
Where have you been
Its close to your bones
Its far from your shell
So feel it away, reason it out
Your own little ice age

(Hey, Hey)
Thaw me out, thaw me out
(Hey, Hey)
Thaw me out, thaw me out
(Hey, Hey)
Thaw me out, thaw me out
(Hey, Hey)
