

# Ice Age

David Byrne

Oh diamond  
How we've been  
Oh diamond  
It's such a shame  
To see you this way, freezing it out  
Your own little ice age

Ice age  
Ice age

Oh diamond  
Get out of bed  
All unbuttoned  
Seams are showing  
And you're freaking me out, freezing it out  
Your own little ice age

Ice age  
Ice age  
Ice age  
Ice age

We won't know how much we've lost until the winter thaws  
We won't know just what we lost until your winter thaws

Oh diamond  
Where have you been  
Its close to your bones  
Its far from your shell  
So feel it away, reason it out  
Your own little ice age

(Hey, Hey)  
Thaw me out, thaw me out  
(Hey, Hey)  
Thaw me out, thaw me out  
(Hey, Hey)  
Thaw me out, thaw me out  
(Hey, Hey)
