

# Never So Big

David Byrne

People ask me if I knew you  
I tell them, "It's true."  
You were just a simple schoolgirl  
When I took care of you

One is never so big  
As when one stoops down  
To help someone in need  
Get their feet on the ground

I gave up everything  
To give you both a start  
And in my time of need  
Could you open your heart?  
Don't make me beg, don't turn away  
She always said you'd help someday  
Can I get a message through to you?  
Are you the girl that I once knew?

What was I thinking of?  
What am I doing here?  
What was I thinking of?  
What am I doing here?

Woo hoo, woo hoo, woo hoo  
Woo hoo, woo hoo, woo hoo

It's your old hometown  
There's the park and the tree  
And the house where we lived  
At the end of the street

It's a crazy idea  
Could I get through to you?  
It won't take very long  
Just a minute or two

Never so big, never so tall  
Never so big when you are small  
Never so big, never so tall  
Never so big when you are small  
You never know  
Where love is found  
God only knows  
Where we are bound

Woo hoo, woo hoo, woo hoo  
Woo hoo, woo hoo, woo hoo  
Woo hoo, woo hoo, woo hoo  
Woo hoo, woo hoo, woo hoo

People ask me if I knew you  
I tell them, "It's true."  
You were just a simple schoolgirl  
When I took care of you

Never so big, never so tall

Never so big when you are small  
Never so big, never so tall  
Never so big when you are small

What was I thinking of?  
What am I doing here?  
What was I thinking of?  
What am I doing here?

Woo hoo, woo hoo, woo hoo  
Woo hoo, woo hoo, woo hoo  
Woo hoo, woo hoo, woo hoo  
Woo hoo, woo hoo, woo hoo
